

The Heavens will be Veiled in Darkness

The earth is undergoing massive changes in the atmosphere and the lithosphere at this time, our scientists are also seeing dramatic changes occurring in our galaxy. The changes I am speaking of are alterations caused by our thirst for power and military dominance over our enemies. This work will focus on a prophecy involving the sun, the moon and the stars in our galaxy. The earth will experience a day of darkness where the light of the sun, the moon, and the stars will not shine on an appointed day.

The upper atmosphere has undergone life-threatening changes motivated by the pursuit of military dominance by our governments for many years. I have written extensively about this in my book "Earthquakes in Place after Place" and also in an article entitled "The Whirlwind of Yahweh a Prophecy of Hurricane Katrina and Sandy". I spoke about the disorders occurring in the ionosphere, and the lithosphere causing destructive storms in the earth. Yahweh inspired many of his prophets to speak concerning a celestial phenomenon and how it will cause fear amongst the nations. Notice this in the following scriptures:

Immediately after the tribulation of those days shall the sun be darkened, and the moon shall not give her light, and the stars shall fall from heaven, and the powers of the heavens shall be shaken: And then shall appear the sign of the Son of man in heaven: and then shall all the tribes of the earth mourn, and they shall see the Son of man coming in the clouds of heaven with power and great glory.

Matt 24:29-30 (KJV)

And there shall be signs in the sun, and in the moon, and in the stars; and upon the earth distress of nations, with perplexity; the sea and the waves roaring; Men's hearts failing them for fear, and for looking after those things which are coming on the earth: for the powers of heaven shall be shaken.

Luke 21:25-26 (KJV)

In that Day the Lights in Heaven will be Darken

The word **powers** written in the scripture above is from the Greek word: δύναμις dynamis <G1411— from <G1410> (dunamai); *force* (literal or figurative); specially miraculous *power* (usually by implication a *miracle* itself):- ability, mighty, power, strength, violence, might (wonderful) work. — Strong's Concordance

The word powers when transliterated back to the Hebrew is the word אַיִל ayil <H2428— from <H2342> (chuwl); probably **a force, strength: - activity of (great power).** —Strong's Concordance:

The word **shaken** written in the above scripture is from the Greek word: σαλεύω saleu <G4531—Strong's Concordance: from <G4535> (salos); to *waver*, i.e. *agitate, rock, or (by implication) destroy*; **figurative to disturb, incite: - move, shake (together), be shaken, stir up. (To shake (disturb) the natural forces of the heavens and the heavenly bodies).**

The phrase written in the above scripture “for the powers in heaven shall be shaken” is describing as the Greek and Hebrew word show a disturbance of the natural forces in the atmosphere. Yahshua also reveals in the above scripture there will be signs in the sun, in the moon and in the stars.

And there shall be signs in the sun, and in the moon, and in the stars; and upon the earth distress of nations, with perplexity; the sea and the waves roaring; Men's hearts failing them for fear, and for looking after those things which are coming on the earth: for the powers of heaven shall be shaken.

Luke 21:25-26 (KJV)

The word **signs** written Luke 21: 25 is from the Greek word: σημεῖον s meion <G4592— derivative of the base of <G4591> (semaino); an *indication*, especially supernatural: - miracle, sign, token, wonder. It also means to signify, to indicate or to make something known; 2. A prodigy; an unusual occurrence; transcending the common course of events. —Strong's Concordance

The word signs shows us, that strange and unusual activity will be manifest in the sun, the moon and the stars to cause mankind to pay attention to the disturbances they are observing. The unusual activity manifesting in the sun, the moon and the stars will also serve to warn man of future predictions. The prophet warns man that their sins would reach into the heavens disturbing the original order establish at

In that Day the Lights in Heaven will be Darken

creation. These disturbances will cause the earth to experience devastating earthquakes, hurricanes, tornadoes, and the light of the sun, the moon, and the stars to be darkened. Let's begin our study into the cause of this darkening of the lights of heaven with the great prophet Zechariah.

And it shall come to pass in that day, that the light shall not be clear, nor dark: But it shall be one day which shall be known to Yahweh, not day, nor night: but it shall come to pass, that at evening time it shall be light.

Zech 14:6-7 (KJV)

The word **clear** written here in Zechariah 14: 6 is from the Hebrew word: y q r [<H3368>](#)— a primitive root; properly apparently to *be heavy*, i.e. (figurative) **causative; to make rare** (figurative **to inhibit**):- to **withdraw**.
—Strong's Concordance

The word **rare** defined in the Hebrew word yaqar is found in the Webster Dictionary page 1601 with this meaning: **To be unusual; uncommon and very odd.**

The word **inhibit** is found in the Webster Dictionary page 982: **To restrain, hinder, arrest an action. 2. To prohibit; forbid, to obstruct.**

The word clear is describing a rare and unusual prohibition of the light of the sun, moon and the stars to shine on earth.

Notice the word **dark** written in Zechariah 14:6 is from the Hebrew word: N D P q p ' <H7087>— a primitive root; **to shrink**, i.e. **thicken** (as curdled milk, **clouded sky**, frozen water):- congeal, to be dark.

—Strong's Concordance

N D P q p ' <H7087>: Genenius's Hebrew and Chaldee Lexicon to Old Testament by Wilhelm Gesenius's, Samuel Tregelles page 736: **To contract oneself, to draw oneself together; to be contracted, withdrawn.**

N D P q p ' <H7087>: The Hebrew and Chaldee Lexicon to Old Testament by Julius Fuerst page 1246-1247: **To be contracted, thickened; to be congealed; united; to be drawn in, of bright stars; be withdrawn of bright stars.**

In that Day the Lights in Heaven will be Darken

When the word “qapa” is reduced to its primitive roots it reveals the cause of the light of the sun, moon and the stars to not give their light. Notice the following roots words found in the Hebrew Tongue Restored by Fabre de Olivet page 444,

קף KPH. Every idea of condensation, concretion; that which is coagulated, congealed, thickened, etc.

The Arabic **ق** presents the same radical sense. It is literally, the image of a humid thing when *shrunk* by drought.

Notice the words defined in the root word “KPH”

Condensation: Webster Dictionary page 425: The act of condensing; the state of being condensed.⁷ The act and the process of reducing a gas or vapor to a solid form. To reduce to another and denser form; changing the form of a gas or vapor into a solid state by cooling.

Concretion: Webster Dictionary page 209: A hardened mass; any mass of particles united and solidified.

פק PHCQ. That which opens and shuts; which is stirred by an alternating movement back and forth; that which is intermittent, inquisitive, exploratory, etc.

The Arabic **ق** has in general the same ideas as the Hebrew. As verb, this root expresses particularly the action of *releasing, opening, dilating, etc.*

פק and **פקק** (*intens.*) Action of *passing* from one place to another, *being carried here and there, going and coming; action of obstructing, standing in the way, etc.* See **פוק**.

In that Day the Lights in Heaven will be Darken

The above information is describing two important process one transpiring in a region of the upper atmosphere called the thermosphere shown here to be reversing its usual function and now contracting; causing a mass of particles to unite, resulting in a important area of the atmosphere to undergo a change. The change will be excited by a condition of cooling in the thermosphere, therefore obstructing the ability of light to shine here on earth. The Milk Way is shown by our scientist to be moving into a highly energized region in the universe, causing our galaxy to heat-up dramatically. The above abnormal contracting described above was reported by a NASA scientist in 2010 notice this from the following information entitled “Scientists baffled by unusual upper atmosphere shrinkage”

An upper *layer of Earth's atmosphere recently shrank* so much that researchers are at a loss to adequately explain it, NASA said on Thursday.

The thermosphere, which blocks harmful ultraviolet rays, expands and contracts regularly due to the sun's activities. As carbon dioxide increases, it has a cooling effect at such high altitudes, which also contributes to the contraction.

But even these two factors aren't fully explaining the extraordinary contraction which, though unlikely to affect the weather, can affect the movement of satellites, researchers said.

"This is the biggest contraction of the thermosphere in at least 43 years," John Emmert of the Naval Research Lab was quoted as saying in NASA news report.

Emmert is the lead author of a paper announcing the finding in the June 19 issue of the journal *Geophysical Research Letters*.

"We cannot explain the abnormally low densities, which are about 30 percent lower" than from previous contractions, Emmert told CNN.com.

The thermosphere lies high above Earth's surface, close to where the atmosphere ends and space begins. It ranges in altitude from 55 miles (90km) to 370 miles (600km) above the ground -- the realm of meteors, auroras, space shuttles and the international space station. This is the biggest contraction of the thermosphere in at least 43 years. The thermosphere interacts strongly with the sun and hence is greatly influenced by the sun's solar activity, which occurs in cycles.

In that Day the Lights in Heaven will be Darken

Most of space is extremely cold but as you get closer to a star the local area is warmer but the energy from a star drops off quickly based on an inverse square law meaning as the radius increases the energy decreases by the square of that radius. **But, due to the Law of Entropy (Second Law of Thermodynamics) the entire universe is warming up.** A planetary atmosphere isn't always required to feel the effects of a star's energy because the heat from the sun isn't enough to keep the Earth at a livable temperature we also rely on energy from the core radiating through the crust of the Earth. **The atmosphere doesn't just trap some light a lot of people forget that it also blocks some light from the sun which would otherwise scour the planet.** An interesting side effect of this is the temperature drop with elevation on Earth stops at the thermosphere where the atmosphere is blocking certain light causing an energetic reaction and raising temperatures at that height.

Francis Reddy, NASA Goodfard Space Flight Center

The above information describes perfectly the abnormal contracting revealed by the prophet Zechariah, that will caused the light of sun, moon, and the stars to not give their light. The Hebrew words in Zechariah 14: 6-7 “clear and dark” describe a rare prohibition of light from the sun, the moon and the stars to shine on earth. This will cause a peculiar contraction transpiring in the thermosphere preventing the lights in heaven to be seen on earth. The thermosphere has already collapse as shown by the NASA scientists who also shows it is rebounding slowly, but Yahweh shows that on a day, that he alone knows the lights in heavens will be prevented from shining on earth. He inspired many of his prophets to write concerning this prophesy writing in detail the reason for the celestial phenomena in this generation. Notice this in the following scriptures:

In that Day the Lights in Heaven will be Darken

For the stars of heaven and the constellations thereof shall not give their light: the sun shall be darkened in its going forth, and the moon shall not cause her light to shine. And I will ***punish the world for their evil, and the wicked for their iniquity;*** and I will cause the arrogance of the proud to cease, and will lay low the haughtiness of the terrible.

Isaiah 13:10-11 (KJV)

The word ***darkened*** written in Isaiah 13: 10 is from the Hebrew word:

חָשַׁךְ | shak <H2821>— a primitive root; ***to be dark (as withholding light)***; transitive to *darken*: - be black, be (make) dark, darken, ***cause darkness, be dim, hide.*** —Strong's Concordance

חָשַׁךְ | shak <H2821> Genenius's Hebrew & Chaldee Lexicon to Old Testament by Wilhelm Gesenius's, Samuel Prideaux Tregelles page312:

חָשַׁךְ fut. יִחְשַׁךְ TO BE DARK, TO BE DARKENED,
TO BE SURROUNDED WITH DARKNESS. (Syr. **ܡܫܝܚܐ**
id.), used of the light of the sun, Job 18:6; Isaiah
5:30; 13:10; of the earth, Exod. 10:15; of eyes
becoming dim, Lam. 5:17; Ps. 69:24; of men, Ecc.
18:3.

חָשַׁךְ | shak: The Hebrews & Chaldee Lexicon to the Old Testament by Julius Fuerst page 501: **A dark shadow, and also a dark cloud; to be dark, to obscure.**

In that Day the Lights in Heaven will be Darken

The word darkened written Isaiah 13: 10 shows us that a dark cloud will surround and obscured the stars and the constellations in it from shining on earth. The NASA scientists have discovered dust clouds in the universe which they called Dark Rift which causes the lights of the constellations, the sun and the moon to withhold their light from shining on earth . Notice this in the following information.

“In the universe there is a thick dust cloud populating the Milky Way. And while infrared telescopes can see them clearly our eyes detect this dark cloud only as irregular patches where they dim or block the Milky Way’s faint glow. The most prominent dark lane stretches from the constellation Cygnus to Sagittarius and is often called the Great Rift and sometimes the Dark Rift.” (Francis Reddy NASA’s Goddard Space Flight Center, Greenbelt, MD.)

*“In astronomy, the **Great Rift** (sometimes called the **Dark Side**, **Dark Rift**, or, less commonly, **Dark River**) is a series of overlapping, non-luminous, molecular dust clouds that are located between the Solar System and the Sagittarius Arm of the Milky Way Galaxy at a distance of about 100 parsecs or about 300 light years (2×10^{15} miles or 3×10^{15} kilometers) from Earth. The clouds are estimated to contain about 1 million solar masses of plasma and dust. Starting at the constellation of Cygnus, where it is known as the **Cygnus Rift** or **Northern Coal sack**, the Great Rift stretches to Aquila; to Ophiuchus, where it broadens out; to Sagittarius, where it obscures the Galactic Center; and finally to Centaurus. One of the most important regions it obscures is the Cygnus OB2 association, a large cluster of young stars and one of the largest regions of star formation near Earth. A similar dark band can be seen in edge-on distant galaxies, such as NGC 891 in Andromeda.” (Wikipedia)*

The prophet Isaiah was inspired to write concerning the darkening of the stars in heaven. The Hebrew word “שָׁחַק shak” reveals a dark cloud that will be caused to obscure the light of the stars and the constellations in heaven. There will be an unusual dark cloud arise in the universe exceeding all expectation within the scientific community, this will proceed the shaking of the heavens and the earth.

For the stars of heaven and the constellations thereof shall not give their light: the sun shall be darkened in its going forth, and the moon shall not cause her light to shine. And I will punish the world for *their* evil, and the wicked for their iniquity; and I will cause the arrogance of the proud to cease, and will lay low the haughtiness of the terrible.

In that Day the Lights in Heaven will be Darken

Therefore I will shake the heavens, and the earth shall remove out of her place, in the wrath of Yahweh of hosts, and in the day of his fierce anger.

The great prophet Ezekiel (Yechetzqyah) expounds even more upon this prediction notice this in following scripture.

And when I shall put thee out, **I will cover (veil) the heaven, and make the stars thereof dark; I will cover the sun with a cloud, and the moon shall not give her light. All the bright lights of heaven will I make dark over the, and set darkness upon thy land, says Father Yahweh.**

Ezek 32:7-8 (KJV)

The word ***cloud*** written in Ezekiel 32: 7 is from the Hebrew word: אָנָן [<H6051>](#)—The Brown –Driver & Briggs Hebrew and English Lexicon by F.Brown, S.Driver,and C. Briggs page 777-778: **A cloud-mass used as a barrier; appearing, presenting oneself specif. to intervene as an obstacle and obstructing.**

אָנָן [<H6051>](#)—Genenius’s Hebrew & Chaldee Lexicon by Wilhelm Gesenius’s, Samuel Prideaux Tregelles page 644:

אָנָן constr. state אָנָן. m.—(1) a cloud (as covering and veiling over the heaven), compare עֲמָאֵם a cloud, from the root עָמַם to cover, to veil over, and غُفَاةٌ a cloud, from the root غَفَرَ to cover. (Arab.

Notice the primitive root of the word “anan” found in the Hebrew Tongue Restored by Fabre de Olivet page 419:

א HUN. Material void embodied, made heavy, obscure, dark. In considering here the root **א**, image of every superficies, every inflection, united by contraction to the augmentative sign **א**, one sees easily an entire inflection: if this inflection is convex, it is a circle, a globe; if it is a concave, it is a hole, a recess.

א and **א** (*intens.*) *A space, a gloomy air, a thick vapour, a cloud.*

The Arabic **عن** signifies in general, *to appear, to be obvious to the senses, to be shown under a material form.*

א Action of *darkening, of thickening vapours, of gathering clouds; action of forming a body; of inhabiting,*

This cloud will be visible in the universe veiling over the stars and obscuring the light of the sun. Yahweh shows he will cause the bright lights in the heavens to become darken, causing the earth to be veiled in darkness. The Hebrew word “anan” also reveals the use of hidden arts called in the days of old sorcery (magic), but today its disguised under the term physics, and their laboratories take the place of the ancient groves and temples where the magical arts were practiced. I will expound on this in another work to show how the magical arts of witchcraft and sorcery are now being carried out under the name of science. The scientists in their quest to be gods are manipulating the forces of nature in their pursuit for immortality. The apostle John (Yahchanan) also was inspired to write concerning the veiling of the heaven (universe) in darkness.

And the fourth angel sounded, and the third part of the sun was *smitten*, and the third part of the moon, and the third part of the stars; so as the third part of them was *darkened*, and the day shone not for a third part of it, and the night likewise.

Rev 8:12 (KJV)

In that Day the Lights in Heaven will be Darken

The word **smitten** written in Revelation 8:12 is from the Greek word:

[Πλήσσω](#) plēssō <G4141>— *this word means a plague, figuratively of the effect upon the sun, moon, and the stars, after the sounding of the trumpet by the fourth malak, in the series of divine judgments upon the world. The heavenly bodies will be deprive of light and shrouded in darkness. Strong's Concordance*

The prophets of old foresaw this prediction and they all write concerning the heavens being shrouded in darkness with an enormous black cloud –mass that will block out the lights of heaven. This is spoken of in many scripture throughout the Holy Scripture which also reveals the cause of disturbance within the upper atmosphere.

Hear this, O ye that swallow up the needy, even to make the poor of the land to fail, Saying, When will the new moon be gone, that we may sell corn? And the Sabbath, that we may set forth wheat, making the ephah small, and the shekel great, and falsifying the balances by deceit? That we may buy the poor for silver, and the needy for a pair of shoes; *yea*, and sell the refuse of the wheat? Yahweh has sworn by the excellence of Jacob, Surely I will never forget any of their works. Shall not the land tremble for this and every one mourns that dwells therein? And it shall come to pass in that day, says Yahweh, ***I will cause the sun to go down at noon, and I will darken the earth in the clear day: And I will turn your feasts into mourning, and all your songs into lamentation;*** and I will bring up sackcloth upon all loins, and baldness upon every head; and I will make it as the mourning of an only *son*, and the end thereof as a bitter day.

Amos 8:9-10 (KJV)

Remember now thy Creator in the days of thy youth, before the evil days come , and the years draw nigh, when you shall say, I have no pleasure in them; **Before the sun, or the light, or the moon, or the stars, become darkened,** and the clouds do not return after the rain: In the day when the keepers of the house shall tremble, and the strong men shall bow themselves, and the grinders cease because they are few, and those that look out of the windows see darkened, And the doors shall be shut in the streets, when the sound of the grinding is low, and when men shall rise

In that Day the Lights in Heaven will be Darken

up no more to voice of the bird, and all the daughters of music shall be silenced; Also *when* they shall be afraid of *danger from on high*, and fears *shall be* in the way, and the almond tree shall flourish, and the grasshopper shall be a burden, and desire shall fail: because man goes to his long home, and the mourners go about the streets:

Ecc1 12:1-5 (KJV)

Destruction upon destruction is cried; for the whole land is laid waste: suddenly are my tents laid waste, *and* my curtains in a moment. How long shall I see the standard, *and* hear the sound of the trumpet? For my people *are* foolish, they have not known me; they *are* senseless children, and they have no understanding: they *are* wise to do evil, but to do righteousness they have no knowledge. I beheld the earth, and, lo, *it was* without form, and void; ***and the heavens, and they had no light.*** I beheld the mountains, and, lo, they trembled, and all the hills moved violently to and fro. For this shall the earth mourn, and ***the heavens above be black:*** because I have spoken *it*, I have purposed *it*, and will not relent; neither will I turn back from it.

Jeremiah 4:20-23, 25, 28 (KJV)

The word **black** written in Jeremiah 4:28 is from the Hebrew word:

q dar <[H6937](#)>— Gesenius's Hebrew & Chaldee Lexicon to Old Testament by Wilhelm Gesenius's and Samuel Parduex Tregelles page724

קָדַר — (1) TO BE FOUL, TURBID, used of streams, Job 6:16; hence *to go in filthy garments*, as mourners, Job 5:11; Jer. 14:2. Part. **קָדַר** Psa 35:14; 38:7; 42:10. (Arab. **قَدِرَ**, **قَدِرَ** to be squalid, and **كَدِرَ** to be turbid, turbulent. Compare **קָדַר**.)

(2) *to be of a dirty, blackish colour*, as of a sun-burnt skin, Job 30:28; *to be darkened*, as the day, the sun, the moon, Jer. 4:28; Joel 2:10; 4:15; Mic. 3:6.

HIPHIL — (1) *to cause to mourn*, Eze. 31:15.

(2) *to darken* (the sun, or the stars), Eze. 32:7, 8.

HITHPAEL, *to be darkened*, (as the heaven), 1 Ki 18:45.

When the Hebrew word “qadar” is reduced to its roots they reveal some detail information concerning the darkening of heaven. Notice this from the Hebrew Tongue Restored by Fabre de Olivet pages 448,451, and 454.

קָדַר or **קָדַר**. (*intens.*) That which *spreads out, unfolds, occupies space, takes possession of a thing*, by effect of a movement which is propagated circularly: *a wheel, a sphere, a veil.*

קָדַר (*comp.*) *Ethereal space, the void.* See **קָדַר**.

רק RK. Every idea of tenuity, rarity, expansion-giving way.

The Arabic **رق** has the same sense as the Hebrew.

רק That which is attenuated, rarified; which gives way, physically as well as morally: in a figurative sense, time. See **רק**.

Notice with me the meaning of some the words defined in the root words above notice the following words.

Rarity: Webster Dictionary page: 1450: Something rare, unusual or uncommon 4. A rare occurrence; infrequency.

Attenuate: Webster Dictionary page 133: 1. To weaken or reduce in force, intensity, effect. 6. To weakened; diminishing.

The light from the sun, moon and stars is extremely necessary for all life on earth. Man and all life forms on earth depend upon the life giving properties that are supplied by the lights of heaven. The atmosphere is equally important because of its protective nature and its ability to distribute a sufficient amount of light to the earth supplying us with food, water and clean air. It is important that we protect the atmosphere from any alteration caused by man's actions. It is a known fact that green house gas (carbon dioxide) is very beneficial for the biosphere of the earth. Carbon dioxide along with a variety of other gases found in the ozone are beneficial for all life on earth. The cause of the extreme heating of the earth has other causes other than large amount of carbon dioxide emission into the atmosphere. The governments of man will not be able to hide the fact, that they have force the alteration of the atmosphere for military dominance. They will even caused the heavens to tremble do to their technological pursuits, because mans governments have caused their sins to reach even into the heavens.

In that Day the Lights in Heaven will be Darken

And I heard another voice from heaven, saying, Come out of her, my people, that ye be not partakers of her sins, and that ye receive not of her plagues. **For her sins have reached unto heaven and Yahweh has remembered her iniquities.**

Rev 18:4-5 (KJV)

A generous, open hearted and Princely man writes on all his possession for myself and for mankind.
